

# W. M. BEATY & ASSOCIATES, INC.

FORESTLAND MANAGEMENT  
REDDING, CALIFORNIA

## **SEASONAL - FORESTRY TECHNICIANS**

### **POSITION**

W. M. Beaty & Associates, Inc. is seeking applicants to fill immediate positions for the upcoming summer field season. Successful applicants will become part of seasonal field crews for one of Northern California's longest standing forest management and consulting firms. W. M. Beaty & Associates, Inc., based in Redding California, manages 290,000 acres of Forest Stewardship Council (FSC) certified private forestland in Northeastern California for long-term clients and provides consulting services to other forestland owners and managers.

### **RESPONSIBILITIES**

Technicians will be trained and gain valuable experience in the technical aspects of timber sale preparation, timber sale contract administration, and/or timber cruising under the supervision of a Registered Professional Forester. Technicians will work a minimum of 40 hours per week. The term of employment is from approximately May 1 to November 30. Accommodations will be made for those applicants returning to school. All necessary equipment and transportation are provided. Most positions are based out of Burney or Susanville.

### **QUALIFICATIONS**

Applicants should be familiar with northern California tree species and basic mensuration and silvicultural techniques. Applicants should be skilled in map reading and compass use. Experience working in the woods and the use of various forestry tools is a plus. A high degree of self-motivation is desired.

### **SALARY**

Salary ranges from \$10.50 to \$16.00 per hour depending on experience. Housing may be available.

### **APPLICATION**

A letter of application, resume, and list of references should be mailed to W. M. Beaty & Associates, Inc., Attn.: Phillip J. Battaglia, Chief Forester, PO Box 990898, Redding, CA 96099-0898. Questions should be directed to Scott Carnegie, Staff Forester at (530) 336-5992 or [scottc@wmbeaty.com](mailto:scottc@wmbeaty.com). Resumes will be accepted through February 28, 2008.
